

- 3. Wait until they are booted
- 4. Run True Manager then select IP discovery see Figure 1.

 This will produce a list of the Truen products on the network, but the ANT-36000M are at default setting so all appear on IP address 192.168.10.100 – see Figure 2. "OK" the "IP collision detected message"

Figure 2	:	discovered	equipment
----------	---	------------	-----------

- 6. Using the image in Figure 3 as a guide
  - 6.1. Select / tick the devices required to be upgraded
  - 6.2. Select "IP change"
  - 6.3. Set the settings in "Ip change" pop-up windows. i.e. Select Sequential and ensure the Gateway is in the same range as the IP address
  - 6.4. Click "Change"
