- ANT-36000A / AM > Replacement in development due September / October 2022 time
- ANT-38500. > Replacement TBC
- ANT-37000 > Alternative replacements available now (ANT-37100 / ANT-37500)
- ANT-37000A > Alternative replacements available now (ANT-37100 / ANT-37500)

**Please be aware that the above products / part numbers are now end of life and no longer available due to the unexpected unavailability of the chipsets which have suffered from the global component crisis.**

**This is sadly out of our hands and we have done everything in our power to source the components we need however we are now at the end of our resources. We may have very limited stock of some of the items (subject to enquiry), however long term supply is not possible.**

**We are in the process of re-designing and updating our range of products to compensate for affected products.**

**ANT-36000/A replacement is in development and we hope to have stock around September / October 2022 time.**

**ANT-37000/A decoder has replacement options in stock / available now called ANT-37100 and ANT-37500, please visit our website for full information.**

**Please get in touch with us to discuss your requirements and we will do everything in our power to help you where we can.**

**Thank you for your understanding.**
