

ANT-2504, 4 x HD-SDI Channel Input H.264 HD 1080P60 Video Encoder

Product Code: ANT-2504

Key Features

- 1920 x 1080 P60 Max Resolution
- H.264 Video Encoder
- 4 x HD-SDI Inputs & Outputs
- HTTP, RTSP, RTMP and MPEG-TS over UDP Streaming Supported

Product Overview

ANT-2054, 4 x HD-SDI Channel Input H.264 HD 1080P60 Video Encoder, capable of up to a maximum 4 x (1920 x 1080) at 60 frames per sec encode with quad streaming using an IP LAN ethernet connection. The inputs are 4 x HD-SDI. Inputs and outputs are provided to allow for signal bypassing or looping. Multiple streaming formats are supported such as HTTP, RTSP, RTMP and MPEG-TS over UDP. The encoder is powered via 12V but has an internal AC to 12v DC converter. A single IEC kettle lead style socket with power lead supplied.

AAC G711 and MP3 audio is supported with 1 channel embedded audio in HD-SDI, 1 channel 3.5mm independent audio.

There is no RS232/485/422 2 way serial data communication, motion detection, sensor and alarm I/O, please see the ANT-35000A/H for this feature.

Rack mountable 1U style case with 4 individual encoders housed within..

A few of the applications are:

- Encode a PC screen and send to a VMS for monitoring, recording and litigation purposes
- Encode video from a piece of medical equipment and send to remote consultant to oversee the procedure
- Encode multiple Set Top Boxes for viewing remotely elsewhere

This product is not limited to the markets and applications described. Please download or full application catalogue here.

ANT-2014, 4 x HDMI & DVI Channel Input H.264 HD 1080P60 Video Encoder

Product Code: ANT-2014

Technical Specification

		ANT-2504
		ANT-2JU4
		+
System	Mode	Encoder
	Standards	ONVIF Discovery, RTSP, RTMP,HTTP, MPEG-TS
System System	Latency	>150mS (system dependant)
system	Latericy	>150ms (system dependant)
Video	Compression	H.264
Video	Profile	Base, Main or High
Video		
	Frame Rate	1-60 fps
Video	Bit Rate	16-12 mbps
Video	Mode	GOP
Video	Bit Rate Control	CBR, VBR
Video	Min Resolution	320 x 180
Video	Max Resolution	1920 x 1080
Video	Number of Streams	Primary 4 x H.264 / Secondary 4 x H.264
Video	Inputs	4 x HD-SDI
Video	Input Combinations	All 4 Input
Video	Outputs	4 x HD-SDI
Video	Output Combinations	All 4 Output
Video	On Screen Display	English
Audio	Mode	Simplex Stereo
Audio	Compression	G.711 + AAC + MP3
Audio	Sample Rate	G711 = 8Khz , AAC= 32/44.1kHz MP3 = 32/44.1kHz
Audio	Bit Rate	G711=64kbps, AAC= 24-256kb/s MP3 = 24-256kb/s
Audio	Streaming	1 Way Stereo
Audio Audio	Inputs Outputs	Analogue Stereo Jack (1vpp) or 1 Channel HD-SDI Embedded Audio Embedded Audio
Audio	Outputs	Embedded Audio
		40 400 511
Network	Interface	10-100 Ethernet RJ45
