

# ANTRICA

encoders | decoders

## Specification

### ANT-1776 HD-SDI Mezzanine Board Part Number: ANT-1776-HDSDIMEZ

#### Key Features

- HD-SDI serial interface to ANT-1776 Motherboard Mezzanine board
- Multi way micro connector to connect to ANT-1776 Motherboard
- Gold right angle HD-SDI connector male part Samtec MMC MMCX7-J-P-GF-RA-TH1
- Cable connector is Samtec RF179-73SP4-74SP3-0600
- 75 Ohm micro BNC
- Two fixing holes for mechanically fixing to main ANT-1776 motherboard with screws and spacers
- For detailed HD-SDI signal specification refer to the ANT-1776 main specification as this is firmware dependant

#### Product Overview

This is a mezzanine board that converts HD-SDI signals into a MIPI interface for connecting into the iMX8 on the ANT-1776 Motherboard.
