

# ANTRICA

encoders | decoders

## Specification

### ANT-1776 With Dual HD-SDI Input Mezzanine Boards Part Number: ANT-1776X2HDSIDIMEZWHS

#### Key Features

- ANT-1776 with Dual HD-SDI Mezzanines fitted
- Standard heatsink fitted
- (Image shows one mezzanine with no screw fixings and spacers, in production both mezzanines will be fitted with screws and spacers.)
- Features of this combination are covered by the ANT-1776 Specification

#### Product Overview

This is a multi channel encoder fitted with two independent HD-SDI input modules capable of encoding 1080P60 or lower resolution SDI signals.

This combination allows for 3 full HD encodes using two HD-SDI plus one USB-C input

Additional cables are required for Power and Ethernet
